

# Yr 5 Homework - this always goes hand in hand with the previous week's learning

1. Short creative writing task - there will be one language or grammar focus to include

(If children have enjoyed a really special experience or have just done something they would like to write about, you are welcome to make that the focus that week instead of the task that has been set)

2. Maths homework - set on Mymaths (Children's log ins are stuck into their reading records)

(if you are unable to access a laptop/computer, please let us know and we can source a paper alternative)

3. Spelling practice - Autumn 1 we revise last year's Yr 4 key words before moving onto Yr 5

(Children will be tested weekly - each Friday on 10 spellings they have practiced that week)

*\*If your child has been assigned a Lexia account - please log on at home instead of spelling practice in Autumn 1*

4. Reading - aim for 3x weekly. Adults/older siblings, please sign the 100sq in the front of reading records = accumulative rewards. 20 = bookmark, 40 = Time to read token, 100 = Brand new book of choice from the NEW vending machine.

**Homework is set on a MONDAY and is expected back in the following Monday.**

**Effort is always celebrated and rewarded.**
